### Professional Positions:

Member, A.M.A.  
Member Child Neurology Society (CNS)  
Fellow, American Academy of Neurology (current).  
Medical Advisor, National Right to Read Foundation, P.O. Box 490, The Plains, VA 20198 (past)  
Member, Academic Review Panel, Research in English Acquisition and Development (READ) Institute, P.O. Box 2428 Amherst, MA 01004-0034 (past)  
Director and Grant Recipient, National Foundation-Birth Defects Clinic, Blodgett Memorial Hospital, Grand Rapids, MI, 1966-75.  
Testified in *Jesson v. Derry*, NH Board of Education (Judge rule NH school can't order Ritalin use—*Boston Globe*, 8/8/91)  
US District Court, Concord, NH. Has testified in approximately 15 cases having to do with the diagnosis of ADHD and its “treatment” with psychostimulants.  
Additionally, I have testified, on psychiatry's claims that it diagnoses and treats actual brain diseases, the U.S. Congress (2/29/00), the Parliamentary Committee of the Council of Europe (11/23/01), the Parliamentary Committee of West Australia (6/4/04) and a special committee on ADHD of the Congress of Mexico (2/22/06), also state legislatures and/or boards of education of Colorado, Texas, Minnesota, Arkansas, Wisconsin, the California State Assembly and Senate, March 12-13, April 22, May 8 2002, the Professor Steve Baldwin Memorial Conference on ADHD—“Questions of Behavior,” University of Teesside, U.K. Further, I was a roundtable participant on the Child Medication and Safety Act and other Special Education Issues of the National Foundation for Women Legislators, Las Vegas, NV, August 30, 2003.  
Author: “ADHD: Total, 100% Fraud” (a video).  
Author: *The ADHD Fraud: How Psychiatry Make “Patients” of Normal Children* (with Craig Hovey, a book, published by Trafford Publishing, February, 2006 )  
I have discovered and authored descriptions of new, *real*, diagnosable, diseases, and I have provided, confirming, extending, descriptions of others. I have authored over 100 articles in the lay press having to do with the health care crisis and with the fraud of present-day “biological” psychiatry, whereby, it claims that subjectively diagnosed emotional and behavioral problems are actual diseases of the brain.
